Internal Quality Assurance Cell (IQAC)

ABOUT IQAC

The Internal Quality Assurance Cell (IQAC) at Kalol Institute of Technology and Research Centre (KITRC) College has been constituted as per NAAC guidelines to methodically design, plan, and maintain quality creativity. To maintain enhancement in teaching and administration performance, this committee serves as a facilitative and participative forum. Students, staff, and society at large gain from the formation of a constant quality culture, which assures that excellence becomes an important component of institutional procedures.

Vision:

To establish a systematic quality process within the college aimed at continuous improvement and comprehensive growth, thereby transforming the institute into a centre of excellence through quality in teaching, innovation, and research activities.

Mission

M1: To establish a conscious and effective quality assurance system that enhances academic performance.

M2: To encourage the culture of innovation, diversity, and continuous improvement by regularly reviewing and enhancing our teaching and learning activities.

M3: To ensure a learner-focused environment supported by modern technologies and tools in teaching and active knowledge in both research and academics.

Objectives of IQAC

- To create and implement quality standards for administrative and academic operations.
- To cultivate a learner-centred environment that supports high-quality education and faculty advancement
- To collect and examine employer, professors, student, and alumni feedback in order to improve quality
- To prepare, submit, and monitor Annual Quality Assurance Reports (AQAR) and related documents to NAAC.
